

Become a Ready Golfer

- Use a shorter shot routine for all hits and putts. Be decisive, plan fast, make fewer practice swings. Don't freeze. Hit.
- Ignore the honour. Whoever can hit safely does so.
- Move quickly to your own ball. Select a club and plan your shot while others play theirs.
- Play your shot promptly and always watch where it finishes.
- Park your cart on the exit side of the green, NOT in front.
- Plan putts ahead of time and putt out whenever possible.
- Send first two finished to next tee to hit BEFORE marking their cards.
- Leave the green AND surrounds quickly. Mark your card at next tee.
- Help and remind your partners to play quickly.
